April 1st, 2020

Mexican Government,

As follow-up to yesterday's government order for residents to shelter in place starting at April 2nd ,2020 staring 6:00 am PST We are writing to request your support.

Given that healthcare operations are exempt from this order, we as Medtronic are continuing to operate as usual. Further, Grupo Industrial Baca SA de CV , is a critical supplier supporting our ongoing operations. They provide critical materials/components/sub-assemblies/products that are vital to the manufacture of our life-saving medical devices, including printing materials. We request Grupo Industrial Baca SA de CV be exempt from this order, as well.

Please contact me if you have any questions or need additional information. Thank you for your support.
